1. BACKGROUND

Under the Kyoto protocol and based on the "EU Burden- Sharing" Agreement, Italy has committed itself to reduce the emissions of greenhouse gases by 6% during the commitment period 2008-2012 against the base year level.

The Clean Development Mechanism (CDM) is a project-based mechanism under the Kyoto protocol (Article 12). The purpose of the Clean Development Mechanism is to assist Parties not included in Annex I to the UNFCCC in achieving sustainable development and in contributing to the ultimate objective of the UNFCCC, as well as to assist Parties included in Annex I in achieving compliance with their quantified emission limitation and reduction commitments under Article 3 of the Kyoto Protocol.

Republic of Macedonia is a Party to the United Nations Framework Convention on Climate Change and has ratified the Kyoto Protocol on 18 November 2004. Furthermore, the Republic of Macedonia is making a significant effort to implement all the crucial changes in the relevant legislation and institutional structure for a full implementation of the Kyoto Protocol through the Clean Development Mechanism.

Considering that the co-operation in the field of the CDM under Article 12 of the Kyoto Protocol will result in an efficient contribution to the sustainable development and in the reduction of greenhouse gases emissions, the Ministry for the Environment, Land and Sea of the Republic of Italy and the Ministry of Environment and Physical Planning of the Republic of Macedonia signed a Memorandum of Understanding (MoU) in order to maintain and enhance bilateral co-operation in the field of environment and sustainable development on the basis of equality, reciprocity and mutual benefit.

Therefore, in order to implement the Annex III to the Memorandum of Understanding between the Italian Ministry for the Environment, Land and Sea and the Macedonian Ministry of Environment and Physical Planning on "Cooperation in the field of environment and sustainable development" the Macedonian Ministry of Environment and Physical Planning issues a Call for Expression of Interest for receiving co-financing for preparation of PDDs for the identified CDM projects in the Republic of Macedonia.

The Joint Committee will review the documentation received from the Applicants and select the companies that best fulfill the conditions listed below, to receive co-financing for the preparation of the PDDs for the potential CDM projects in the Republic of Macedonia.
